The Texas Department of Agriculture received funds through the American Recovery and Reinvestment Act of 2009 (ARRA) to pay costs associated with the distribution of USDA foods donated for use in The Emergency Food Assistance Program (TEFAP). Such costs include (but are not limited to) storage, transportation, handling, processing, and distribution of such foods; as well as costs associated with determining and verifying beneficiary eligibility, record keeping, auditing, and other administrative procedures required for program participation. To date the Texas Department of Agriculture has provided funds to organizations such as food banks, food pantries, and soup kitchens, that administer the program at the local level based on authorized and verified expenditures.

Quarterly Activities/Project Description*					
During the current reporting period, Texas Department of Agriculture and its 16 subrecipients used TEFAP administrative funds provided through ARRA, to transport, handle, store, and process TEFAP foods in preparation for ultimate distribution to program participants, which includes persons living in areas with incomes below the poverty level and the unemployed. 100% of the administrative funds will be distributed to support local organizations, such as Food Banks, Food Pantries, Soup Kitchens, etc. During this quarter some funds previously awarded were reallocated and the funds were expended as requested. In addition, the USDA reallocated to the State an additional \$24,077.00 and \$3,801 during the quarter; and, then provided \$2,374,847.00 in September 2010 which will be allocated and expended within the next 90 days. The final funds of \$2,237,211.00 were drawn on 12/30/2010, however due to processing errors in the states accounting system the expenditures were not made until January 2011. This is the cause of the difference in the amount received/invoiced and the amount expended. All funds will be expended by the end of January 2011 and a final report will be submitted in the next reporting period.
